

Dear Members,

Spring is here, and almost a year after our move, we are enjoying the beautiful weather from our headquarters in downtown Vacaville. We made the decision to purchase rather than continue to lease after months of research, and we did so because it is an investment in the future of the credit union. With all of our members in mind, and a careful review of our bottom line, we made a call that will lead to the further success of Befit.

Have you considered making an investment in your future? Going from renting a home to buying one can be an exciting notion, but it can also be a little overwhelming! Sometimes buying a home can be up to 25% less expensive than renting in many of the nation's top markets. Renting versus buying is a personal choice, but we are here to help you crunch the numbers and walk you through step-by-step when you're ready. Come by and see us!
