

Dear Members,

Summer is upon us! For many of you, this is a time for traveling and vacations. Hopefully you have had time to tuck away a few bucks so that the expense doesn't create stress—exactly what you are trying to get a break from! Even if you have saved for your summer fun, it is always a good idea to pay by credit card. Paying with a credit card rather than a debit card, cash, or check gives you more protection; there are laws to protect you if your credit card information is lost or stolen. We offer a low-rate Visa card that will help get you on your way and keep you better protected!

Summer is also a time of year for family. With that said, I would like to express my gratitude to a member of the Befit family, Dr. Gordon Sinclair. He has retired from his role as the BFFCU Board Chairman, a position he held for more than 30 years. Dr. Sinclair's leadership has been instrumental in the success of our credit union and our community. We wish him the best in his well-deserved retirement and know that he will enjoy relaxing with his family and grandchildren!

Do you know *anyone* who isn't spending money on housing each month?

Another question: do you want all that money you spend every month to benefit someone else—or you?

Everyone should seriously investigate the possibility of owning a home. It has many benefits for your bigger financial picture. It's important to consider the options and make a plan that fits your long term goals. Let's talk about how we can put your housing dollars to work for you—instead of a landlord.
